

## Two Handle Laundry Faucet with Quick Connect Trap Seal Primer - Installation Instructions

Item # 8200-251

### Included:

- Faucet Assembly including Deck Plate and Quick Connect Trap Seal Primer Adapter
- Trap Seal Primer Plug
- Standard and Garden Hose Aerator
- 2 x Mounting Nuts
- 2 x Water Supply Nuts and Washers

### You will need:

- 2 x Flexible Water Supply Lines
- Thread Seal Tape
- Plumbers Putty/Latex Silicone
- Adjustable Wrench
- Trap Seal Primer Connection Tube (optional)

### Installation:

1. Turn off water supply and insure any water pressure is relieved.

2. Turn over faucet assembly and place thin bead of putty or silicone in groove of deck plate.

3. Position faucet on clean sink surface and secure from underneath by hand with mounting nuts. Check faucet position and then fully tighten nuts. Do not overtighten.

4. Apply thread seal tape to threaded shanks of the faucet and water supply valves. Attach water supply lines to the faucet and valves by hand. Then tighten connections one quarter turn with wrench.

5. If using trap seal primer, insert connection tube into primer adapter. Otherwise, remove adapter. Apply thread seal tape to threads of primer plug and screw in plug to seal the outlet.

6. Remove aerator and run hot and cold water for approximately 30 seconds to remove any residue from the lines. Replace aerator and check system for leaks.

### Care Instructions:

Clean by wiping gently with a soft, damp cloth. Avoid harsh abrasives or polishes.

### Limited Warranty

D.N. Group Enterprise Inc. warrants to the original purchaser only that its faucet will be free of defects in material and workmanship for the period of 5 years when installed by a licensed contractor in accordance with local plumbing and installation codes, and during normal use, proper maintenance and operation. This warranty excludes product damage or failure due to improper installation, product abuse/misuse or accident whether performed by a licensed contractor or property owner/occupant. Products considered to be defective must be returned for inspection at the purchaser's expense with original packaging and original purchase receipt. The seller's obligation is limited to 1) replacement of any component proven defective in material or workmanship, or 2) refund of the purchase price. The seller shall not have liability for neither the cost of removal and reinstallation of product, nor other labour, expenses or losses.
